Profile

I am a product manager with an engineering background who lets passion be the driving force of the next tech innovative project I'll get involved in. Working hard while ensuring having fun. Possessing a blend of business and technology trends awareness. Always try to find the best possible way to collaborate with teams, clients but never forgets the big-picture vision.

Certifications

- ✓ Lifeguard Certification & Water Safety MEDIC First Aid emergency medical and healthcare training
- ✓ Certified Computer User by Aristotle Certification Training & Assessment S.A.
- ✓ Fire safety practices and training by executing simulated fire-fighting and evacuation scenarios on board ship

Experience

QA Tester

Freelance | May 2021 - Present

Experience in writing and executing Test Cases and Test Plans. Ability to manage deadlines in an Agile environment, follow project objectives and execute required tasks in a team environment. Extremely organised and attention to detail.

Customer Service Manager

Milligram coffee shop | 2018 - 2021

Interacted by showing empathy with customers and correcting problems, mitigating customer dissatisfaction, asking & acting on feedback, maintaining the vital customer base, and increased customer loyalty.

Websites Developer

Freelance | January 2019 - Present

Websites Developer with 6 years of experience in developing content management systems (CMS). Experience with computer technology, networks, and IT architecture and understanding of Ethernet Networks, TCP/IP.

Startup founder

Nereusmaritime.com | March 2017 - June 2018

Began as a project aiming at the development of viable and economical solutions to the problem of monitoring the aquatic environment and in alignment with the «blue economy» needs for sustainable development. Connected with various autonomous market stakeholders listened carefully to their problems and founded Nereusmaritime.
